To Whom It May Concern

This is to certify that I have visited DAV Public School, Bazpur, Beria Road, Teh. Bazpur, Distt. U.S.Nagar, Uttarakhand and inspected health and sanitary conditions of the premises and observed the followings that :

- a) the school has no canteen facility,
- b) the school has sufficient nos. of taps and good drinking water facility with storage capacity of 10,000 lts. overhead tank and NOC from Kumaun Jal Sansthan has already been obtained,
- c) the urinals and latrines are separate for boys and girls in sufficient nos.,
- d) taps inside latrines are found OK,
- e) taps of flowing water through urinals are throughout the school hours,
- e) the urinals and latrines are swept and cleaned on regular intervals with phenyle etc. several times a day,
- f) the hygienic conditions are strictly monitored throughout the premises,

On the basis of these observations, I have found that proper hygienic conditions are satisfactorily maintained in the school and I have no objections related to health and sanitary conditions. Hence, I accord NOC of health and sanitary conditions for DAV Public School, Bazpur.
